

## CD Memories

*track 06 Eyes for Crying, Soul for Hope*

Now the third star, the same day, I'm on my knees behind your grave.  
Inside the will of my thoughts, without limit,  
Hearing the melancholy wind singing, I'm thinking about you with tears in my eyes,  
The pain in my heart still remains unceasing, you're back again.

Don't leave  
I want to touch you  
I want to listen to your voice  
What's eternity?
